"Steps for Recovery" Comedy Social

October 5, 2012

4th Annual Fundraiser for

Recovery Revolution

About Recovery Revolution

Recovery Revolution, Inc. (RRI) was formed in 2005 to fulfill the Slate Belt Region's need for affordable addictions treatment programs for adolescents and adults. The manifestation of a lifelong dream for two experienced counselors, RRI is an independent facility that is affordable, accessible, and most importantly client driven and effective.

RRI is a charitable, non-profit organization that is fully licensed for outpatient and intensive outpatient services by the PA Department of Health, Division of Drug and Alcohol Program Licensure. Our mission is to promote healthy, responsible, and individualized treatment for addictions through programs responsive to family and community needs. RRI has a friendly and compassionate clinical staff, all of whom have between 5-22 years of experience working in the Addictions Field (including gambling addiction and family programs) and are Bachelor's or Masters Level Certified/Licensed Clinicians.

Recovery Revolution is a 501(c)3 charity and has helped over 1500 children, adolescents and adults since 2005. We are proudly "grass roots" in form, work with many different community organizations and embrace the community of which we are proud to be a member. Over 85% of the clients which RRI serves report annual income at or below the federal poverty standard.

PURPOSE OF "Steps to Recovery" EVENT

Simply stated, client demand continues to grow to levels which required RRI to continue adding services and staff. We wish to continue our mission of providing treatment to individuals even when they don't have the financial means. We have a passion to help teens, adults & their families. In order to do this, RRI is asking for your help. Please consider helping us keep these vital programs available to those who are willing to work and make their lives productive

"Steps to Recovery" Event

Last year's event was such a success, that we wanted to continue to collaborate with Wilson High school SADD chapter. This opportunity helps to get teenagers involved and give back to the community. The "Steps to Recovery" Comedy Social will be held at Wilson Area High School. RRI will be hosting a Tricky Tray from 6:30-8:00 pm. As part of the evenings festivities, we have partnered with local chefs/restaurants to provide "Classic Cuisine and Culinary Treats" Food Sampling Extravaganza. For your listening pleasure, we will have high school students performing from 7:50pm-8:15. The Main Event is Comedian Kurtis Matthews who will begin his 75 minute performance at 8:30pm. The winners of the Tricky Tray will be announced directly after the performance. Don't miss your opportunity to be a supporter.

ENTERTAINMENT

KURTIS

In 1984, Kurtis Matthews began his stand-up career at the [Improv](#) in Hollywood. That same year, he also embarked upon his own journey in recovery from alcoholism after an automobile accident resulted in his second DUI and jail time. Touring alongside such renowned comedy veterans as Bill Hicks and Sam Kinison, he learned the joys of making people laugh as well as the challenges of staying sober while doing so. After twelve years of touring nationally and appearing on A & E's "Evening at the Improv," Kurtis took a five-year break to work in the software industry. Stand-up had never left his heart, though, and in 1999, he started the San Francisco Comedy College (SFCC), the nation's largest stand-up school. The SFCC has trained over 2,000 people to be funny, attracting scouts from HBO and the Late Show with David Letterman.

Most recently Kurtis starred in the hit BBC Reality Show, "Find Me the Funny" and he also made an appearance on Season 2 of the Popular TV Show, "Celebrity Rehab with Dr. Drew"

Using his struggles with infidelity, alcohol and drugs to enrich his material, Kurtis makes audiences laugh while inspiring them to be the best people they can be
